

Hawaiian Film, Skits Planned At Girls' League Talent Show

By ADRIENNE SIDWELL
Tomorrow's the Big Girls' League Talent Show. "Hawaiian Holidays." There will also be a color film on surfing in Hawaii, which should prove to be very interesting. There will be plenty of good talent, putting on different skits, plays, etc. Members of the faculty are putting on a skit, which is rumored to be quite hilarious. If you haven't already bought your Student Body Activity Card, you better hurry, only those with cards will be admitted to the show. Students will be excused from Sixth (senior high) and seventh (junior high).

The first junior high sports night will be tomorrow from 6:30 to 10 p.m. in the boys gym. There will be door prizes, prizes for the winning volleyball team, carroms, and checkers. All you need to join the fun is one little old dime! Refreshments of candy and soft drinks will be on sale.

Last Friday was the first senior high sports night. A total of 152 kids showed up to make the evening a big success. The winning volleyball team consisted of Dorothy Seales, Myrna Morris, Laura Tolbert, Marge Cullinan, Bob Brown, Jim Jeter, Fred McLean, and George Wilson. Ann Robinson won the checkers contest. Gail Robinson emerged as the ping-pong champ. Bruce Burton was the boys ping-pong champ. The door prize was won by Gail Morris. The next senior high sports night will be next week.

Narbonne's first practice football game of the season will be tomorrow at 8 p.m. at Bell High School. Narbonne's Bees play here at 3 o'clock tomorrow. Let's wish our boys loads of luck this season and let's show our school spirit.

About 115 senior GAA members turned out last Monday to begin the season by playing volleyball and tennis. All members are reminded to pay their dues by next Wednesday, the deadline, to Virginia Connor.

A birthday dinner, celebrating the 16th birthday of Bonnie Holm, was held last Tuesday, Sept. 21. Those attending to wish Bonnie a happy birthday were: Janice McNeal, Jackie Ventre, Alice Crovella, Betty Beckett, and Betty Shaw. A "real crazy" time was had by all.

Gloria McCann spent last week-end with a girl friend in Fillmore. She reported that the two had a wonderful time.

The Job's Daughters are going to have a d.m. sale on Oct. 23, with orders being taken on Oct. 15.

A potluck picnic was held last Sunday in honor of Jackie Zittle's birthday, at Pt. Pescadero in San Pedro. The all-girl party reported that the most fun was climbing around the rocks, catching crabs. New, who was it that had oodles of fun biseating a crab? The girls are Bonnie Clifford, Carol Perry, Conchita Elorriaga, Alma Cribbs, Shirley Kastrup, Karen Fanning, Betty Summerford, Carol Shepherd, Judy Zittle, Norma Newman and the honoree, Jackie.

A spaghetti dinner, celebrating Bonnie Clifford's birthday was held last Monday evening with Jackie Zittle, Carol Shepherd, Conchita Elorriaga, Carol Perry, Jennifer Bowen, Gloria McCann, Jeanette Pearson, Alma Cribbs, Shirley Kastrup, Karen Fanning, Betty Summerford, and the honoree, Bonnie. The girls all agreed that the spaghetti was "real George!"

The senior group of the Western Avenue Baptist Church had a progressive dinner last Tuesday evening.

Narbonne's Gaucho Cross Country team meets the Torrance Tartars on Oct. 8 for the first meet of the season. It should prove to be a close contest.

Many Gauchos are sorry to hear that Larry Graham contracted polio a couple of weeks ago, but he seems to be out of danger. Narbonne extends speedy recovery wishes to Larry and hopes he will be back at Gauchoville in the very near future.

MOTOR AGENCY NAMES NEW SERVICE MANAGER

Appointment of Walter E. Till as service manager for Whittlesey Motors, at 1600 Cabrillo Ave., was announced here yesterday by M. B. Whittlesey, president of the DeSoto-Plymouth agency. Till joins the Whittlesey Motors staff following a long career in the industry. He began his automotive career in 1920 in Pittsburgh, Pa., and completed his apprenticeship in 1924. He came to California at that time and joined a large Los Angeles firm with whom he spent the next four years.

In 1928 Till went to San Francisco as a mechanic in a large firm specializing in Auburns and

Smog Research Men Trapping Night Air Into Chemical Test

While you and I are asleep at night, research men of the Southern California Air Pollution Foundation are trapping night air then "dissecting" it chemically in the hope of determining the culprits responsible for smog.

One research station used by the Foundation, and the Air Pollution District, is located in the East Torrance refinery section.

Trap Night Air
"Night air, which does not exhibit smog manifestations, will be subjected to artificial sunlight. In the past, such treatment has made the air smoggy. Different classes of chemicals then will be removed, one at a time, from this smoggy air. Then the air will be re-tested to see if it still produces smog effects. By this type of detective work, it is hoped the chemical culprits responsible for smog will be identified," a Foundation spokesman reports.

The Foundation has entered into a \$125,000 contract with the Stanford Research Institute for this after-hours scientific study. Object of the study is to determine the "parent substances"
